

OBJECTIVE

Enthusiastic web app designer with one year of experience in front-end development and UI/UX design. A recent graduate eager to apply my skills and passion for creating engaging digital experiences to contribute to innovative projects. I possess a strong foundation in HTML, CSS, and JavaScript, along with a keen eye for design and a commitment to continuous learning and growth. Excited about the opportunity to join Tastybytes and contribute to the development of their online food truck ordering platform.

EXPERIENCE

Dublin, Ireland

Junior Front-End Developer Digital Solutions Ltd.

- Contributed to the development of web applications for clients in various industries, focusing on front-end development and user interface design.
- Collaborated with senior developers and designers to implement responsive and visually appealing user interfaces using HTML, CSS, and JavaScript.
- Assisted in user research activities and usability testing to gather feedback and improve user experience.
- Participated in team meetings and code reviews to ensure code quality, best practices, and project deadlines were met.
- Actively engaged in ongoing learning and professional development, staying up-to-date with the latest web technologies and design trends.

EDUCATION

Dublin, Ireland
